Myth Buster #2:

Renting Isn't Always CHEAPER than Owning!
It's true that owning a home comes with a few added expenses, but did you know it can often be less expensive to buy a home than to rent an apartment, condo or townhome?

How is that possible?

Because you're already paying those added expenses – they're built in to your rent payment!

Talk with our Loan Officer Ed Regan and see if it's time for you to begin searching for your new home!
