Dear Member-Owners,

In anticipation of reopening our lobbies in June, the following are changes in our procedures to maintain the health and safety of staff and members.

- Clear plexiglass barriers have been installed at the teller lines.
- Floor decals have been installed to encourage social distancing.
- We've removed everything from the lobbies that can't be appropriately sanitized.
- Public restrooms are cleaned 3 times per week.
- The lobbies will be limited to 5 members at any given time. If you see that we've reached maximum capacity, we kindly request that you wait in your vehicle until a member exits the lobby.
- If you have friends or children with you, please consider using the drive-thru.
- Sanitizing supplies will be available upon request while supplies last.
- Staff will be disinfecting surfaces and equipment after serving each member.
- Appointments are required for any nonstandard service, such as loans.
- Members are encouraged to wear a face covering. If you do not wish to wear a face covering, please consider using the drive-thru.
- Members may be asked to briefly remove their face covering for identification purposes.
- At this time we will remain closed on Saturdays.
- We encourage members to use the drive-thru and mobile/online services whenever possible.

Please visit our COVID-19 page to find the most current information as it relates to our efforts to protect you, our staff, and our community as we continue to fight COVID-19. We also encourage you to follow us on our social media channels for timely updates.

Sincerely,

Mary L. Johnson, CEO

Summer is

OPEN

Recreational Loans

as low as

2.75% APR*

for 60 months

START ENJOYING YOUR PARKS!

Motorcycles & Jet Skis 2018 or newer for up to 60 months*

Boats & Campers 2018 or newer up to 120 months* as low as 4.25% APR*

[Apply Online.](#)

*APR = Annual Percentage Rate. With approved credit. Rates are subject to change without notice. Rates are applicable to new money only. Not all borrowers will qualify for the same rate when a rate is listed "as low as". Rates listed "as low as" are based on the borrower's creditworthiness, which includes factors such as debt ratio and credit history. See credit union for full details. Some restrictions apply. To obtain the lowest possible rate, additional products/payment protection options must be selected. Examples include VISA credit card, overdraft line of credit loan, payroll deduction, automatic payment, and credit life and disability.

REFINANCING
maybe your best option.

Refinance your auto loan,
reduce your monthly payment
& get **90 days of SOCIAL DISTANCE**
from your next payments.

SCAMS

Understand the latest scams and how you can be prepared to fight back.

Front-Door Scams – If anyone comes to your door claiming to be a government employee, a representative of your local health care organization or other “official” or not, always ask for a valid ID badge. This advice extends beyond government employees to anyone showing up at your door asking for personal information or seeking cash donations. Check it out by looking up the publicly published phone number of the company or agency before you act.

Mailbox Scams – Be mindful of the communications you receive in the mail, especially if it is asking you to give up personal information or take other steps. For most Americans stimulus checks will be direct-deposited to your account directly from the United States Treasury or a check will be mailed to you and you will not need an intermediary to help you access your funds.

Online and Email Scams – Phishing is the practice of impersonating a trusted organization and sending out emails hoping someone will “take the bait” and open an attachment or respond with personal information. Facebook phishing is also on the rise as more people turn to Facebook and other social media platforms to keep in touch with friends and family. With all the activity related to COVID-19 and the Stimulus, consumers can be easily confused by official-looking communications. Never give away your personal information via e-mail or in social media. A legitimate organization will never ask you for this information through these channels.

Phone Scams – Scammers have started calling with phony information on how to get your stimulus money. As the IRS points out; the government will not call you with this type of request. While much of this information might be obvious to you, it’s important to follow up with members of your family who might not be as informed or capable. Your Premier Checking Account offers protection for up to three generations (3G Coverage) of your family. If they are compromised, we can help restore them to their pre-breach status.

In a time of great uncertainty, we must remain vigilant in the face of ever-present threats. Having a partner who can help you get your life back in the event of identity theft can help ease some of the uncertainty. Take a moment to review your financial transactions and keep watch for scams that would compromise your identity. As always, if you suspect that your identity has been compromised, we are here to help.

[Questions](#)
